

WATERPROOFING: KEY TO AVOIDING COSTLY FAILURES

Course Title: Waterproofing: Key to Avoiding Costly Failures

Course Number: MAP024B

Description: A discussion about the various types, methods and situations where waterproofing will protect and enhance tile and flooring installations. Also, a look at the various failures that can occur when waterproofing or moisture control is neglected or incorrectly installed in residential and commercial tile projects, including interior/exterior floors and walls, swimming pools, balconies, plaza decks, facades and baths.

Learning Units: 1 LU/ HSW

Delivery Provider Name: MAPEI Corp.

Credit Designation: LU & HSW

Course Format: Instructor-Led-Face-To-Face

Contact Us: info@prospecllc.com

Learning Objective 1: Understand why many failures occur.

Learning Objective 2: Learn how waterproofing and moisture mitigation requirements vary.

Learning Objective 3: Discover solutions for common applications.
