

TCNA AND ANSI: SPECIFYING SUCCESSFUL TILE AND STONE SYSTEMS BY THE BOOK CEU COURSE

Course Title:	TCNA and ANSI: Specifying Successful Tile and Stone Systems By The Book
Course Number:	MAP040B
Description:	The TCNA (Tile Council of North America) Handbook and the ANSI A108 and A118 standard are critical resources when specifying ceramic, glass, and stone tiles. This presentation will provide an overview of both documents, their relationship to each other and how to use them more effectively. We will discuss the standards process, how new methods and standards are added to the documents and what are important new additions. With a more thorough understanding of the documents, it should make locating your specific project methods and standards much easier and project specifications more accurate.
